

Approved
Vice-Chancellor for Academic Affairs
Prof. Guminsky U.I. _____
Date _____ **2017**

**THEMATIC–CALENDAR PLAN
OF LECTURES
FROM MEDICAL CHEMISTRY**

*For I-st Year Foreign Students of the Medical Faculty I_{AA} (92-94)
2017 year, Semester II*

<i>No</i>	<i>Theme of lectures</i>	<i>Lecturer</i>	<i>Hours</i>	<i>Date</i>
1	Formation of complexes in biological systems. Theoretical principle of Chelation Therapy.	Assistant Shunkov V. S.	2	14.02
2	Acid-base equilibrium in biological systems.	Assistant Shunkov V. S.	2	28.02
3	Colligative properties of solutions, biological role of liquids.	Assistant Shunkov V. S.	2	14.03
4	Electrode processes, biological role and medicine use.	Assistant Shunkov V. S.	2	28.03
5	Physico-chemical properties of biopolymers. Colloidal solutions.	Assistant Shunkov V. S.	2	11.04

*Head of the Biological
and General Chemistry Department*

d.med.s., docent Zaichko N.V.
