

CRITERIA OF EVALUATION OF KNOWLEDGES FROM DISCIPLINE

Control Form and evaluation system is carried out in accordance with the requirements of the program of discipline and instruction.

Scientific advice accepted a decision, protocol №2 from 28.09.10y.

An estimation for the module is determined as a sum of estimations of current progress (in obedience to the scale of count of traditional estimations in ratings marks), Scientific advice of VNMU accepted a decision, prtokol №2 from 28.09.10y.

A maximal amount of marks, which is appropriated students at mastering of the module, is 200 marks, in a that number for current educational activity – 120 marks, as a result of final module control – 80 marks.

For final module control to transfer an estimation in marks as follows:

<i>Mark</i>	<i>Points</i>
5	80
5-	72
4	64
4-	54
3	50

A scale of recount of traditional estimations is in ratings marks (120 points) for disciplines which end with final module control (FMC).
